How to fill your church!

And the lord said unto the servant, Go out into the highways and hedges, and compel them to come in, that my house may be filled. Luke 14:23

I believe that the best, surest, and most permanent way to fill a place of worship is to preach the gospel, and to preach it in a natural, simple, interesting, earnest way. The gospel itself has a singularly fascinating power about it, and unless impeded by an unworthy delivery, or by some other great evil, it will win its own way. It certainly did so at the first, and what is to hinder it now? Like the angels, it flew upon its own wings; like the dew, it tarried not for man, neither waited for the sons of men.

The gospel has a secret charm about it which secures a hearing: it casts its good spell over human ears, and they must hearken. It is God's own word to men; it is precisely what human necessities require; it commends itself to man's conscience, and, sent home by the Holy Spirit, it wakes an echo in every heart.

In every age, the faithful preaching of the good news has brought forth hosts of men to hear it, **made willing in the day of God's power.** *Decked in the glories of free and sovereign grace, wearing the crown-royal of the covenant, and the purple of atonement- the gospel, like a queen, is still glorious for beauty, and supreme over hearts and minds.*

Published in all its fullness, with a clear statement of its efficacy and immutability, it is still the most acceptable news that ever reached the ears of mortals by *C.H Spurgeon--!*

HOW TO SPOT A LIBERAL APSOTATE CHURCH

There is a progression that takes place in liberal theology: It begins with *a corrupt bibliology, a corrupt view of the nature and the inspiration of Scripture.* They have a corrupt theology because once you are picking and choosing from the Bible what you want, your theology has to suffer from it, because your human reason is corrupt. *From the corrupt theology proceeds a corrupt Christology,* Jesus Christ loses His position, and the great doctrines of Who He is and what He did are diluted and finally destroyed. Mt 13:12

From the corrupt Christology comes a corrupt pneumatology, that is a corrupt view of the *Holy Spirit* and of *what the Spirit does and is doing in the Church.* Then from this corrupt bibliology, theology, Christology and pneumatology liberal theology ends up in *a complete lack of proper morality,* and actually leads people away from what the Gospel says into *unchristian and immoral positions.*

His job at that time was to find out whether these seminaries were orthodox, neo-orthodox, or liberal and then to go on and research how they got that way. Dr. Martin then continues: So I did, and it was amazing what emerged. Point number one; every major theological seminary that has turned from orthodox Christianity began with *disbelief of Biblical doctrine.* There wasn't a single exception. This corrupt bibliology then lead them to the next step. Their Theology began to be touched by it, their view of the Cross, the Virgin Birth were both immediately questioned; then came the miracles of Christ.

And finally *they had emptied the Gospel of all its content;* they were simply using *the outward shell* so that they go on collecting money from the people and the churches; because they knew that if the people in the pew knew that they were apostate, they'd throw them out. So the strategy was hang on to the trust funds; hang on to the money we've got; hang on the properties we control, and we will gradually educate the laymen into this new approach to theology.

And then finally we will take control of everything. The gradual process of feeding you **theological poison** until you become *immunized enough so that you don't know what's happening to you.* And when you wake up to what's happening to you, it's too late they've got everything.
